Literacy: Writing	Children will understand that writing carries meaning. They will begin to write their own messages using a range of letter like shapes and strings of familiar letters. Children will learn to form the letters they are learning.	Children will give meaning to the marks they make. They will begin to write using a wider range of letter strings. They will begin to make links between the sounds they learn in phonics and the letters they need for writing, particularly the initial sound of a word. Children will begin to write across the page.	Children will write with a purpose in mind. They will listen for key sounds in words and put these in their writing using the corresponding letter. They will write simple words using more sounds (e.g. cvc words) Children will know the text goes from left to right and write lists down the page. Children will learn letter formation families.	Children will begin to write a wider range of words with more phonetic accuracy. They will use some tricky words in their writing. Children will begin to write thinking about the reader. Children will begin to write simple sentences using their phonic knowledge and core words. Children will begin to read their writing back.	Children will write simple sentences with phonetic accuracy and include core tricky words. Children will write multisyllabic words by breaking them into smaller 'chunks'. Children will begin to space their words out on the page and think more about writing for the reader.	Children will write at more length using phonetically plausible and core word spellings (set 1,2 & 3). They will check their writing by reading it back to themselves. Children will begin to use capital letters at the start of their message and full stops at the end.
